

Are Mammograms Causing Breast Cancer?

Post by Jo

Friday, 03 September 2010 13:57

Dr. Samuel S. Epstein, chairman of the **Cancer Prevention Coalition**, warns that the **American Cancer Society**

has close financial ties to the makers of mammography equipment. Five radiologists have served as presidents of the American Cancer Society (ACS). Before you schedule your next mammogram, you might want to read the article "The Cancer Test That's a Death Trap" at { [Mercola](#) }
